Missouri Broadcasters

Missouri Broadcasters Association

1025 Northeast Dr., Jefferson City 65109

The first radio stations to begin operations in Missouri were KMBC-AM (now KMBZ) in Kansas City and WEW-AM in St. Louis. Both signed on the air in 1921. In the following years, the number of radio operations steadily increased as the first FM stations began broadcasting in 1948. Today, we have approximately 250 radio stations serving listeners in Missouri.

Television broadcasting began in 1947 when KSD-TV (now KSDK) in St. Louis signed on the air, followed in 1949 by WDAF-TV in Kansas City. Federal policy suspended the granting of any further licenses until 1953. Shortly after licensing resumed, many additional television stations began operations. There are now approximately 45 commercial and public television stations broadcasting a variety of news, information and entertainment programs each day.

The Missouri Broadcasters Association (MBA) was formed August 15, 1948, in Kansas City. Missouri was the second state to have a full-time broadcast association. North Carolina's association was formed earlier that same year. From its offices in Jefferson City, the MBA works for the broadcasters of Missouri, as well as allied organizations, to provide a variety of services.

The MBA is governed by a four-person executive committee and an eight-person board of directors representing radio and television broadcasters. Board members are elected for two-year terms and may seek re-election for one additional term. In addition, there are four standing committees, each responsible for a specific area of service. There are a total of 42 members serving on these committees. The committees have three roles: to represent member interests in state and federal legislative and regulatory processes; maintain the MBA office as a resource center for training, revenue expansion, cost control and information; and encourage the highest standards in broadcasting.

Since 1968, the Missouri Broadcasters Association has maintained a communications center on the first floor of the State Capitol. These facilities are available to radio and television broadcasters to aid in their coverage of state news. These facilities are also available to state officials and

legislators for the recording of information to be sent to radio and television stations in Missouri. Currently, plans are being made to update this facility with the latest technology to better serve these purposes.

Academy of Missouri Squires

An organization unique among the states, the Academy of Missouri Squires was founded in the fall of 1960 by Governor James T. Blair Jr., who established it with a ceiling of 100 members. Governor Blair's purpose was to establish an organization to honor Missourians for their accomplishments at all levels—community, state or nation.

Governor Blair appointed the first class of 10 Squires after consulting leaders in every section of the state. Each succeeding class has been elected by the membership of the Academy, after receiving nominations from the public as well as from the membership of the Academy. The governor and former governors of Missouri are automatically members.

Squires are listed by class. Present addresses are noted in parentheses when different from address at time of election.

Foreign Consulates in Missouri

Consulates are the offices established by countries for their representatives (consuls) living in certain foreign cities and serving the country's citizens and business interests there. The Missouri Consular Corps is compromised of foreign service officers from nations maintaining friendly relations with the United States. These officials are recognized by the U.S. State Department. They perform trade and diplomatic services for their own citizens and for United States citizens. This information was obtained from the U.S. State Department Foreign Consular offices on the United States web site at *www.state.gov/s/cpr/rls/fco/index.htm*.

Key: DG—Director General; HC—Honorary Consul; C—Consul; HVC—Honorary Vice Consul; HCG—Honorary Consul General; HCA—Honorary Consular Agent; HAC—Honorary Acting Consul.

The Missouri Local Government Employees' Retirement System (LAGERS) was established under legislation that became effective August 13, 1967, to provide retirement, disability, and survivor benefits for employees of local government employers. Approximately 48,000 employees and retirees of almost 600 political subdivisions are presently participating. The system is governed by a board of trustees, which includes three members elected by governing bodies of participating subdivisions; three members elected by employee members and one public member appointed by the governor.

The Public School Retirement System of Missouri includes the public school districts of Missouri, except St. Louis and Kansas City; public junior community colleges in Missouri; and certificated members and employees of the board of the system. The system began operations on July 1, 1946, and as of June 30, 2008, the system had 90,016 active members and 41,738 retirees.

The system is financed by contributions of members and the employing school districts in equal amounts and by interest earned on investment of contributions. Administering the program is a seven-member board of trustees. Three members are appointed by the governor, and four are elected for four-year terms by the members and retirees.

Public Education Employee Retirement System of Missouri

The Public Education Employee Retirement System of Missouri (formerly Non-Teacher School Employee Retirement System of Missouri) began operations in 1965. As of June 30, 2008, it included 67,488 active employees and 18,288 retirees of public school districts, except those in St. Louis and Kansas City. Financing of the two systems is similar and the same board administers both programs.

The Missouri Consolidated Health Care Plan (MCHCP) was created through legislation passed in May 1992 (enacted as Chapter 103, RSMo). MCHCP is responsible for the administration of the health care program for most state employees and retirees. MCHCP officially began operation of January 1, 1994. Chapter 103 also provides for public entities such as school districts, cities and counties to join the Plan. MCHCP currently provides coverage for over 107,000 state and public entity members through various types of health insurance plans (point of service (POS) plans, preferred provider organization (PPO) plans, and high deductible health plans (HDHP)); dental plans; vision plans; and an employee assistance program.

MCHCP is governed by a thirteen member board including: three *ex officio* members (1 - the director of the Department of Insurance, Financial Institutions and Professional Registration, 2 - the director of the Department of Health and Senior Services, and 3 - the commissioner of the Office of Administration); two members from the House of Representatives (one from each party); two members from the Senate (one from each party); and six members appointed by the governor (three of the six are members of the plan and the remaining three are not members of the plan).

The Missouri State Employees' Retirement System (MOSERS) was established by law in 1957. The system is responsible for administration of the retirement program for all state employees (other than employees of the Highway Commission, the Highway Patrol and the University of Missouri). Effective September 1, 1972, the program became noncontributory for members with the state becoming the sole contributor. The system also provides life insurance coverage of one time annual pay for active members and $5,000 for retired members, with optional group life insurance coverage available at the expense of the members. The system is also responsible for administration of the state's long-term disability program for most state employees.

The system operates under the direction and control of an 11-member board of trustees made up of the state treasurer, commissioner of administration, two members each of the House and Senate, two members appointed by the governor, two active members elected by the active members and one retired member elected by the retired members.

Flag Etiquette

The following are some of the rules of flag etiquette regarding the time and manner of display and disposal of the flag of the United States of America pursuant to Title 4, Chapter 1 of the United States Code.

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24 hours a day if properly illuminated during the hours of darkness.

No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea, when the church pennant may be flown above the flag during services for the personnel of the Navy.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof; provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

When the flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags are to be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

When used on a speaker's platform, the flag if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or to the right of the audience.

The flag, when flown at half-staff, should be hoisted to the peak for an instant and then lowered to the half-staff position. On Memorial Day the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag should be flown at half-staff upon the death of principal figures of the United States Government and the Governor of a State, Territory, or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to Presidential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.

In the event of the death of a present or former official of the government of any State, Territory, or possession of the United States, the governor of the state, territory, or possession may proclaim that the national flag shall be flown at half-staff.

- The flag should be hoisted briskly and lowered ceremoniously.
- The flag should be displayed in or near every polling place on election days.
- The flag should be displayed during school days in or near every schoolhouse.
- The flag, when it is such that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.

The Pledge of Allegiance

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.
